Lonely Planet, Mara Vorhees : Lonely Planet Pocket Boston (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Pocket Boston (Travel Guide):

2 of 2 people found the following review helpful. Some beautiful parks are not includedBy Bruno MantaThe guide is small and compact, fit in a pocket. Has enough information to start Boston exploration, but due size restriction several of the interesting places are not covered at all. For example, you won't find information about Brookline (an independent town surrounded by Boston City), neither Allston (refuge or medium budget, hipster colony) or Jamaica Plaine. Some beautiful parks are not included. So, it's good to start and if you have your headquarter close to downtown.1 of 1 people found the following review helpful. Very Helpful!By Gulf16I bought this guide for a 5-day

visit to Boston. It does indeed fit in your pocket and I found the fold-out map of Boston, Cambridge and Harvard Square to be helpful. This guide is organized logically, by neighborhood, and has the kind of useful recommendations on attractions, eating places, etc. that I have come to rely upon Lonely Planet books for. I didn't get to all the sights in the City, but I did see a lot in my time there. I credit this guide book for helping me plan a very enjoyable Boston vacation. 0 of 0 people found the following review helpful. Boston in June By GrniTXlady My daughter and I are planning a trip in June for her birthday so we wanted to know all the great places to visit
