Nicko Goncharoff, Kimberley O'Neil, Marisa Gierlich, Eric Kettunen : Lonely Planet Rocky Mountains (Rocky Mountains, 2nd ed) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Rocky Mountains (Rocky Mountains, 2nd ed):

have just bought a book on Denver, but as much as I enjoy travel books they tend to be a bit expensive and this offered more value to me. Encompassing Colorado, Idaho, Montana and Wyoming, this guide provides information on all resorts, with tips on how to get around and a summary of what to do and what to see in the various national parks.
