Lonely Planet : Lonely Planet Seattle (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Seattle (Travel Guide):

3 of 3 people found the following review helpful. Great Book About SeattleBy The Footpath CowboyThe latest edition of LONELY PLANET SEATTLE is great, telling you all you need to know about sightseeing, dining, nightlife, shopping, recreation, and lodging in the Seattle area, as well as great day trips from Seattle. About the only thing not covered in depth is radio stations, but that's not really an issue, as you can find that information elsewhere.

Overall, this book is great if you're traveling to the Seattle area, or are just interested in different areas of North America. 2 of 2 people found the following review helpful. Updated Version with Outdated Info By BenSeattle has one standout attraction that nearly every tourist will visit, the Space Needle. This book, despite its very recent publication, gets most if not all of the details related to visiting the Space Needle incorrect: price, hours, restaurant, etc. all wrong. Lonely Planet has clearly published an updated edition without bothering to update some core content. Some parts on Pike Place were also inaccurate. Silly too that it wastes words describing the bike share program that was dismantled pre-publication. I'd recommend looking to another book, or at least an older cheaper version with the same info... 1 of 1 people found the following review helpful. A great guide for the Seattle metro area. By Ronald S Johnson This is an excellent book covering the key aspects of the Seattle metro area. It is very well organized into the neighborhoods / districts and provides considerable useful information on getting around, side trips, and a little history. It is conveniently sized to slip in your backpack and includes a foldout map of the metro area. If you're seeking information on the areas beyond the Seattle metro area it may not be the reference you need.

Lonely Planet: The world's leading travel guide publisher Lonely Planet Seattle is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Make your pilgrimage to the top of the iconic Space Needle, add your gum to the wall at Pike Place Market and pay homage to Jimi Hendrix at the EMP Museum; all with your trusted travel companion.
