Lonely Planet, Celeste Brash, Austin Bush, David Eimer, Adam Skolnick : Lonely Planet Thailand's Islands Beaches (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Thailand's Islands Beaches (Travel Guide):

3 of 3 people found the following review helpful. Same info as their regular Thailand book. By StevenShmeh, not as helpful as I would have liked and it's identical to the main guide, so don't get both. I was hoping for more in depth detail in this. 0 of 0 people found the following review helpful. accommodation suggestions and authentic experiences

that are recommended are absolutely on point. By Customer I used this while backpacking through Thailand and it was definitely helpful. Unfortunately, some of the directions for transportation were both unhelpful and even got me lost, but things change so you can't really hold the book accountable for that. However, the restaurant recommendations, accommodation suggestions and authentic experiences that are recommended are absolutely on point. The Lonely Planet is my absolute favorite travel book company and probably one of the only ones I will ever purchase again. 1 of 1 people found the following review helpful. Four Stars.
