Joseph Flammer, Diane Hill : Long Island's Most Haunted Cemeteries before purchasing it in order to gauge whether or not it would be worth my time, and all praised Long Island's Most Haunted Cemeteries:

1 of 2 people found the following review helpful. Paranormal Investigator By Mark Koenigsmann I know Joe and Diane well and had to buy the book knowing how they are objective and how deep they go into the field. We have spent many hours in cemeteries and I can tell you both of them do not take things on surface value they go looking to debunk not accept at face value. This is their 2nd book and just as good as the first. The first one got me into going into the field to investigate and got me going in both alone and with them. It is a great book based on many hours of research and time spent out in the field to bring these places to life. If anyone has a chance to see them talk at a library it is well worth it. They speak all over Long Island. Buy it and enjoy it is a well written book
