**Maria Orlando Pietromonaco : Long Island's North Fork (NY) (Images of America)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Long Island's North Fork (NY) (Images of America):

0 of 0 people found the following review helpful. as well as being a good read, shows quite accurately how we lived in ...By jmuzarGrowing up and living on Long Island from 1958 through 1985, I thought this book, as well as being a good read, shows quite accurately how we lived in the land that is now so changed. In the days of yesteryear, Long Island was wrought with farms and farm stands along the roads. The Hamptons were merely a place to sunbathe, swim and fish! We lived in towns that were fairly new and went to new schools.0 of 0 people found the following review

helpful. Learn about the North Fork By Ken A Quick read and interesting book about our wine country and bucolic North Fork

Boasting a verdant landscape and miles of silky white beaches, Long Island's North Fork remains a natural paradise. Escaping the urbanization that overspread much of Long Island in the early 1900s, the rural villages survived on farming, fishing, shipbuilding, and maritime trading. Loyal residents have preserved the North Fork's rich heritage and tranquil pace of life. Thus, agriculture still thrives and boats continue to cruise the crystal-clear waters. Long Island's North Fork explores the past through the eyes of those who lived in the rustic countryside. It is a treasury of photographs, many taken by professionals, others from selected family albums and collections.

About the Author Author Maria Orlando Pietromonaco has assembled these stunning images and detailed narrative to tell the history of the North Fork. A freelance writer, she has served as both publisher and editor of North Fork Living, a weekly features magazine, and is an active member of the North Fork Environmental Council. Her family has resided on the North Fork since 1960.
