Judy Chaikin, Ida Wool : Los Cabos Guide to Good Eating and More before purchasing it in order to gage whether or not it would be worth my time, and all praised Los Cabos Guide to Good Eating and More:

0 of 0 people found the following review helpful. NOT worth the money, it is a brochure, really, and info is OLDBY CustomerThis book (?) was only \$7.95 when it was written in 2006...and it is more now for some reason...there are only about 16-20 restaurants in Cabo listed, there is a one page insert with an 'update' from 2010 stuck inside...?!?!?...NOT worth the money, it is a brochure, really, and info is OLD. Not very happy with it.0 of 0 people found the following review helpful. Good but outdated since 2003 publicationBy A Long-time CustomerLos Cabos has changed sooo much since 2003 that this is very outdated; I have had this book since 2004 and it has much good extra info on words and food descriptions, as well as travel tips, and it is light and easy to pack; thin and takes up no space. Recommended for those reasons if you don't mind outdated info.0 of 0 people found the following review helpful. Nice as a reference for restaurants and the like, but not really for he actual area, I was expecting to get at least a map.By Cecilia VillarealNice as a reference for restaurants and the like, but not really for he actual area, I was expecting to get at least a map.

The purpose of this pocket sized guide is to introduce the discriminating traveler to those special dining experiences that will help make a journey to Los Cabos memorable. Compiled by two long time residents of the Cabo area this guide will lead you to the best restaurants and take the confusion out of dining no matter what your budget is. The book is filled with helpful information including type of food served, price, ambience, telephone numbers, days and hours of operation, which credit cards are accepted and a list of helpful hints about ordering and eating in Mexico.The new second edition contains an extensive shopping guide, a dining vocabulary, general information on Mexican foods and handy tips about travelling in Mexico.

Fortunately I stumbled upon the "Los Cabos Guide to Good Eating" ensuring a well fed vacation. -- Erik Ramberg, reader from Seattle WashingtonIt really helped make our vacation special. Definitely worth purchasing. -- Reader from Santa Barbara, CaIt really helped make our vacation special. Definitely worth purchasing. -- Reader from Santa Barbara, CaThis book is as important as an airplane ticket or sunscreen when going to Los Cabos -- Reader from Santa Monica, CA.This book is as important as an airplane ticket or sunscreen when going to Los Cabos -- Reader from Santa Monica, CA.From the PublisherAn immensely popular book since its first release in December of 2000. The Los Cabos Guide to Good Eating and More, is distinguished by the fact that it accepts no restaurant advertising and reviews each of the recommended establishments strictly on merit. The book is conveniently divided into the three major areas of Los Cabos: Cabo San Lucas, The Corridor and San Jose del Cabo and also incudes information on the nearby areas of Todos Santos and the East Cape. The authors re-visit all the establishments in the book many times throughout the year and continually re-evaluate their recommendationsFrom the AuthorWe wrote this book because we were constantly being asked by visitors "Where should we eat?" In 1999 we began handing out lists of our favorites. People were so pleased with our recommendations that we began getting more requests for the list than we could handle. It became so time consuming we decided to write this guide instead. Los Cabos boasts almost 400 eating establishments, ranging from inexpensive taco stands to 5 star restaurants. This book was designed to help wade through the mystery of the standard magazine and newspaper ads and answer the questions about where, when and how much. Our criteria for being listed in the book is that each of the places we recommend has to have something special about it. Something that makes you want to go back time and time again.
