definitely read the authors books in the future1 of 1 people found the following review helpful. Great Book As Usual From WC JamesonBy Treasure Mountain DetectorsWC has done his research once again and brought us some great stories and most of all great leads on some treasure to be found in Tennessee.

Tennessee's tales of treasure come from a multitude of sources: Indians mining silver for jewelry and ornaments, outlaws burying stolen loot, lost and hidden Civil War payrolls, personal wealth buried and never to be retrieved, and much more. Many attempted to find the lost mines and buried treasures. A number of them succeeded, but many more remain to be found.
