**Neil Johnson : Louisiana Journey** before purchasing it in order to gage whether or not it would be worth my time, and all praised Louisiana Journey:

From the piney woods of north Louisiana to the bird sanctuaries of the marshes along the Gulf Coast, through Cajun country, and into the restaurants and music halls of New Orleans, Neil Johnson has traveled, camera in hand, recording what makes his home state unique. This book offers both a vivid visual record of Johnson's travels and serves as an inspiration to readers to explore the state on their own. 180 color photos.
