Sally Lesh : Lunch at Toad River: Moving to Alaska before purchasing it in order to gage whether or not it would be worth my time, and all praised Lunch at Toad River: Moving to Alaska:

1 of 1 people found the following review helpful. A great family bookBy B. ShellenbergerIf I weren't fortunate enough to live next to one of the children in this story, who is now a middle aged adult, I would never have known about it. Simple curiosity had me order it (it is out of print, of course). I started it and couldn't wait to turn the pages - it is terrific. A family in a converted bus going from East coast to Alaska, and the stops along the way!! If you have children who enjoy having stories read, or are old enough to begin reading for themselves, this should be a MUST READ! I haven't been fortunate enough to meet the writer, but she is due thanks from every one who can read her book.0 of 0 people found the following review helpful. Unlikely PioneersBy B. F. Foxengaging account of an epic journey0 of 0 people found the following review helpful. Great, entertaining book.By Joy RyanI learned about this book after I happened to meet a grandson of Sally Lesh (author), so enjoyed reading it even more since I had that connection.
