"Our previous adventures under the guidance of the MAD Map's Northern California/Wine Country Scenic Tours edition proved a fabulous experience. These more detailed offerings proved consistently well researched and offered up a variety of routes for the avid motorcyclist. The actual cartography is accurate as are the directions, and finer details important to the motorcycle traveler, gas stops in particular, are a well-marked consideration, especially given the sometimes anemic 100 mile (~160 km) range of snapper Kevin's bike when laden with excessive travel gear." In 1987, Jenny purchased her first motorcycle. She was instantly hooked and began searching the area for the best day trips around San Francisco. The seed for MAD Maps was planted. Now the company offers the best kept secrets of North American back roads with their Get Outta Town, US Regional Touring, and Rally Run series.
