Some other WDW guidebooks are massive - so much so that it actually stressed me out. What I loved about this book is that it tells you what you need to know but is concise enough that I didn't feel overwhelmed. I bought the eBook version and the great thing about the eBook is that it includes links to websites you may need during your planning - all I had to do was click on the link! Easy! Would highly recommend this book!2 of 2 people found the following review helpful. Details on which park to go to and when during the week is best, what they offerBy NancyIf you're planning a Disney trip, this book is extremely helpful with many, many tips - they stress throughout to plan, plan, plan ahead which I did and it paid off. Details on which park to go to and when during the week is best, what they offer. Definitely worth it.0 of 0 people found the following review helpful. great, well written bookBy Robin BoydGreat, well written and very well researched. One of best on Disney books
