Bought this book for my sister. It is nice, pictures are great.

A beautiful photo essay of the jagged vistas of the Maine coast, the perfect memento for any visitor to this unforgettable place. When your own photographs of the gorgeous places you visit can't quite match what you have seen—a breathtaking coastline, a boulevard bustling with character, or iconic and famous monuments—you'll want to take home a memento to capture the depth and substance of your experience. Now you can. Introducing a new series of beautiful photographic essays that let you relive or see for the first time through an artist's eye the jagged vistas of the Maine coast; the gardens, malls, and iconic edifices of our nation's capital; and the majestic purples of Oregon's coast. The Memories series aims to celebrate the beauty and unique character of those destinations in America that are simply unforgettable. 126
