Carey Kish : Maine Mountain Guide: AMC's Comprehensive Guide To Hiking Trails Of Maine, Featuring Baxter State Park And Acadia National Park (AMC Hiking Guide Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Maine Mountain Guide: AMC's Comprehensive Guide To Hiking Trails Of Maine, Featuring Baxter State Park And Acadia National Park (AMC Hiking Guide Series):

8 of 9 people found the following review helpful. 10th Edition upgrades are good - A must have
By Rich D. First off, I too had issues with the book showing up without the maps. However, the service with was top notch and they overnighted a replacement with the maps to me and I was all set the next day. Value is right with for this purchase and I still recommend the purchase. If you have problems, look for the feature where you enter a number and request a call from customer service. Once I explained, they did their magic and made it right with me. Now on to the book. I purchased this book to help me map out my hikes to complete the NE4K peaks and the hundred highest summits in Maine. The maps are excellent and the trail descriptions are as expected. The format is now more like the White Mountain guide with the summary grey boxes for each trail that tell you the book times, distances and elevation gains. I'm sure I'll use this book for years to come. I'm using it to plan a trip to Baxter to bag six summits there. This is a must have for the serious hiker. The maps are not waterproof and are on regular paper (not the Tyvek type). Hope this info helps.

1 of 1 people found the following review helpful. Doesn't cover Rangeley-Stratton area
By Ken M. The title of this book is a bit incomplete in that it is not quite "comprehensive". In particular, the book and its maps do not cover the Rangeley-Stratton area of Maine, where I plan to hike. I returned the book and got the AT Guide to Maine instead, which does cover that area.

0 of 0 people found the following review helpful. good write-ups on the local trails on mountains like Azicohos
By Paul Caruso I was looking for maps of the Rangeley area, good write-ups on the local trails on mountains like Azicohos, Bald Mtn, West Kennebago and Saddleback but maps for these are not included :(.

A trusted resource for more than half a century, AMC's Maine Mountain Guide has been painstakingly updated, revised, and expanded for this tenth edition, including 75 new trails in the state's diverse mountains. With options for every ability and interest level, the guide features updated descriptions of more than 450 trails, expert advice about trip planning and safety, and full-color, GPS-rendered maps with trail segment mileage. Featuring expanded coverage of Baxter State Park and now including Acadia National Park, this book is the definitive trail guide to the mountains of Maine.
