**From Pelican Publishing Company : Majesty of the River Road (Majesty Architecture)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Majesty of the River Road (Majesty Architecture):

I picked up this novel for any additional tips and just for some eye candy. It is a good novel with some basic info and pictures from each plantation. If you are looking for a resource on plantations I would look elsewhere as a lot of the info here is outdated and some of these plantations no longer

exist. However if you are just getting this book to take a visual journey down the Mississippi this is a great book to guide you.0 of 0 people found the following review helpful.
