Ready for a Walt Disney World Resort Vacation Planning Guide that helps you customize the most memorable, most original Disney Vacation possible for you and your family? Well, here it is! Veteran travel writers Dann Hazel and Josh Fippen with a little help from a brand new, self-proclaimed "Disney Nut," Aronda Parks guide you through the rugged terrain of planning a first-class, fun-filled, and, most of all, original vacation at Disney's Florida Resort. Collectively, the authors have visited Walt Disney World Resort more than fifty times since its opening in 1971 and in Making Memories, they share all they have learned to get the most out of a Disney vacation. Many other Disney veterans offer their personal tips, as well. Certainly, you'll find the necessary planning information. But during your journey through this unique guide, you'll also feel a strong sense of amazement, of delight and anticipation, similar to the sensation you'll get as you approach the entrance to the Magic Kingdom. And with Aronda Parks' special insights and candor and more than 85 charts, sidebars and worksheets to help you plan, you'll find yourself well-prepared to show everyone in your family a grand time with Mickey Mouse and the Gang.
