**Inc. Mapeasy : MapEasy's Guidemap to Baltimore Annapolis** before purchasing it in order to gage whether or not it would be worth my time, and all praised MapEasy's Guidemap to Baltimore Annapolis:

Cute but ConfusingBy puppymomThis map was neat in that it had little descriptions of places next to the colored landmark and it was waterproof (which turned out to be really important in Baltimore in October) however, he had a hard time navigating the streets according to the map. The map is also outdated (printed in 2005) so many of the restaurants and stores are no longer there. One last thing, the map is really only DOWNTOWN Baltimore (the harbor and stadiums mostly) but no much outside of there and definitely no help when it came to navigating to and from other towns and airports. If you buy this map, have a REAL map handy also.0 of 0 people found the following review helpful. Not enoughBy T. L. ClockerBaltimore is known as a college town, yet the map cuts off to not include any of the areas around the college campuses. This was the reason for my purchase of the map. My son I were to go to Baltimore to tour a college there, low behold, nothing doing. We relied on our Iphone instead. Big disappointment for me, especially after being so satisfied with our DC Paris maps.
