Our friends gave us one when we were traveling to Florence, and they circled all their favorite places. Since then, I have returned the favor and given many as gifts when friends and family aretraveling to places that have a MapEasy Guidemap. Recently, we bought the Boston map for ourselves, and as usual we werevery happy with it. It highlights historical places, restaurants, shopping areas, even Starbucks, and makes getting around very easy. The map is not strictly to scale, but that has never been as issue. It is just so nice to see actual places of interest on themap instead of having to just locate addresses.0 of 0 people found the following review helpful. Best map everBy F. Pretty, but not a great mapBy Sue PettayI love the Map Easy guides, though they aren't always the best thing to rely on to find you way around. The pretty illustrations give you a nice preview of what you will see. Some of the landmarks pictured do help you get your bearings but some things are off the map,or the scale isn't right. I loved this though, as a souvenir to remember the wonderful places I saw in Boston. I have the guides for NYC, Seattle, London, Paris, and Chicago as well. It would be fun to paper a room with these someday, as they are really charming.
