Fantastic guide map!By MikeI used this map recently on a week-long trip to Washington, and I found it to be incredibly helpful. Being able to see nearby restaurants and shops right on the map without having to pull out a guidebook was so convenient. Short of a handheld, interactive GPS with Internet access, this is the most helpful pocket-sized resource for sightseeing and navigating around I have ever used. And it's made of a rip-resistant thick paper, so it'll stand up to multiple trips. Highly recommended!1 of 1 people found the following review helpful.
