Mapsco : Mapsco The Roads of Oklahoma (The Roads of Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mapsco The Roads of Oklahoma (The Roads of Series):

0 of 0 people found the following review helpful. Dusty roads from my historyBy David CI started wondering about the roads in Oklahoma when I found out where my ancestors had lived in the Kansas Oklahoma border area. The mapbook made the relationships much clearer, and opened some new considerations for further inquiry. The map detail is very helpful and clear. I find this book more useful than an electronic version as it allows me to consider a larger area in detail. And it is a great backup for a GPS in any case.I'm obtaining these for each state where we have lived as a family. I find it well worth the price.1 of 1 people found the following review helpful. MapsBy Kerri GarnerThis map was more in detail over many maps that I have looked at. I was able to find what I needed and then some.

Forts and WPA Art are just two of the articles found in the front page narrative of the Roads of Oklahoma. This atlas also includes three detailed downtown maps of Oklahoma City, Norman and Tulsa, all of which are taken from street guides currently produced by Mapsco. Contour lines placed and labeled every 820ft (250m) and shaded relief are used to accentuate the states geographic features. The index includes cities and towns (over 1,800), water features, and state and national parks. Features:-All the roads of Oklahoma from the interstates to the back roads-Comprehensive index listing over 1,800 cities, towns and communities-Overview map of Oklahoma-Listings for Oklahoma state national parks, recreation areas, wilderness areas, festivals events and much more-All-inclusive legend-Mileage chart-Vivid

colors enhance the cartography within-Cover size: 11 X15
