When I initially decided to move down, I purchased Mike Livingstone's Newcomer's Handbook, which was incredibly helpful, as it gave in-depth descriptions of the neighborhoods (an invaluable resource in deciding where to live), but the book lacked good maps to navigate by. NFT features great maps of the neighborhoods, but little other descriptions, which has made it an invaluable resource, once you were familiar with the basics of the area (metro stops, education, night life, etc.). I have found it very helpful for finding grocery stores, navigate myself towards the metro, banks, and others. I would recommend this to any newcomer to DC! (But only 4

stars because it is not an exhaustive resource).2 of 2 people found the following review helpful. Great way to see the capitolBy deniseI recently moved to this area and finding my way around, where to shop, etc. has been difficult. This book has been a great resource. Whether you live near DC or are just visiting but like to find things off the beaten track, this is a great book. I love the maps. I do wish the metro stops would be shown more clearly though. The only reason it didn't get 5 stars.3 of 4 people found the following review helpful. not definitive but a major asset to new washingtoniansBy Angela GasparettiThere are some stores, restaurants, grocery chains, etc that are not shown in this book. In that sense, don't expect this to be "everything you could possibly need to find". However, for the most part it is very simple to use, clear maps (though when there are maps with 3 coffee shops on a single street, it's difficult to tell which is which as they are not numbered) and enough info to be a great resource for people moving to the area.

Not For Tourists Guide to Washington DC features clear, easy-to-read maps and graphics, covering areas such as Downtown, the Greater District, Maryland, NoVA North, and NoVA South. This NFT Guide is perfect for residents who want to take advantage of the wealth of local services and resources around them. Inside this guide, you'll find: # Neighborhood maps dotted with graphical locator icons. # Listings of key services, restaurants, shops, schools, entertainment venues, public transportation, parks and more. # Editorial commentary with tips and interesting trivia. # Pullout maps convenient size.
