The only Boston guidebook you'll need!By Randall SteedBuy this book! I purchased five guidebooks to Boston prior to a recent two week trip but this excellent pocket size guide was the only one I ended up using. It's just the right size to carry with you anywhere without being an inconvenience and is a wealth of well organized information. [...] If this is your first trip to Boston and you're going to be using their excellent public transportation buy the seven-day go anywhere (subway, commuter rail, bus and water taxi) pass for fifteen dollars. The

same ticket machines will sell you a one-day pass for nine dollars which I thought was a great deal till I realized my mistake the second day of my trip. 1 of 3 people found the following review helpful. I don't get it...By kcimosadvertisements? blank pages? the same map on multiple pages? this is the preview, yeah that really makes me want to buy this.
