**Not For Tourists : Not For Tourists Guide to Boston 2015** before purchasing it in order to gage whether or not it would be worth my time, and all praised Not For Tourists Guide to Boston 2015:

3 of 3 people found the following review helpful. It's alright.By Brett MarksLiving in Boston, I would probably recommend this to a friend if he/she came into town and we weren't there to show them around. But the neighborhoods are divided up strangely - the neighborhood lines often overlapped and weren't organized in the book geographically. We gave this as a gift to a family member and had to explain how to interpret the guide...which itself should be interpreting the city. And the book is on the wrong side of small, to the point where I wouldn't want to try and read it when walking around. But the info is well up to date and covers a huge amount of ground.0 of 0 people found the

following review helpful. This WOULD have been a great book, had it not been for the small ...By J-MonThis WOULD have been a great book, had it not been for the small size and matching tiny font. I get that the publishers wanted to make this book pocket size for on--the-go travel, but I'm not in the habit of carrying around a magnifying glass with me to read a book. Sadly, I had to return this book. Kind of a drag, as the information in it looked pretty useful. The website has the same information, but I'm not pulling out my phone while I walk or drive around (though my wife would have no problem with that).0 of 0 people found the following review helpful. Buy it use itBy Chris PearsonI love the way that this guide serves information to readers in a district-by-district format. This really comes in handy when trying to visit all of the "cool" sights while "hoofing-it" in Boston. The recommendations are spot-on.P.S. don't bother with the Kindle version...it's much easier to reference the hard copy maps, rather than frantically trying to remember which bookmark to look at while you're nearing the next stop on the train.

The Not For Tourists Guide to Boston is the ultimate guidebook for already street-savvy Bostonians, business travelers, and tourists alike. It divides the city into twenty-eight neighborhoods, mapped out and marked with user-friendly icons identifying services and entertainment venues. Restaurants, banks, community gardens, hiking, public transportation, and landmarksNFT packs it all into one convenient pocket-sized guide. The guide also features: - A foldout highway map- Sections on all of Boston, Cambridge, and Somerville- More than 110 neighborhood and city maps- Details on Bostons entertainment hotspots and nightlife- Listings for theaters and museums Buy it for your cah or your pawket; the NFT guide to Beantown will help you make the most of your time in the city.
