I read the complaints that it did not have info about the bus lines but purchased anyway. The book is small enough to fit in a purse or backpack and take with you around town. It has great maps and breaks down the city by neighborhood. It also have info on almost everything you could want: sports, hiking, etc. She loved it. This will be a go-to gift in the future for anyone moving to a new town!1 of 1 people found the following review helpful.
