**Universal Map : Oakland / Macomb County, MI Street Atlas** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oakland / Macomb County, MI Street Atlas:

Oakland / Macomb County is a Street Atlas containing township and range numbers as well as zip codes, section numbers, and block numbers. Travel routes are all identified with symbols and markings from Interstates down to minor roads. County, township, city, section line, and zip code boundaries are all color coded. Points of interest are detailed on the map with symbols and red print. Cities, communities, and streets are all indexed and are concluded with a Places of Interest Index which includes airports, cemeteries, golf courses, government facilities, hospitals, industrial parks, mobile home parks, parks and forests, recreational areas, schools, shopping centers, and other points

of interest.
