I received the 1981 copy, 31 years old and of no value whatsoever, not the 2009 edition pictured and described. Upon trying to return, I only will be refunded \$0.01, not the \$3.99 for postage, even though this is not my fault. Furthermore, to return the book, I have to pay the postage. This customer is not 100% satisfied, and not happy with betterworldbooks.14 of 15 people found the following review helpful. A must-have for your next visit!By S. Placethis guide details everything from walking in the front door to the castle to tarantula feedings at the zoo!as soon as i got it, i opened it up and started rifling through the pages checking out the pics and what was available. since then i've read through the different sections and gone back to check my favorites, shared them with my mom, and started planning the perfect trip to the nation's largest collection of history and art. i can't wait to go there and know that having this book will help me on my visit.the book details information in each section, about each building, with hours and fees, where to eat, where to shop, and where to go when you have to go. each section is also marked by different colored tabs, making it super easy to access the info you need right when you need it. and the heavy duty cover makes it very durable for a soft cover - like getting a hard cover edition in paperback size! also, inside the cover leafs, you'll find a map of the mall and the surrounding smithsonian buildings.a great value and a must-have for visitors to this national wonder!4 of 4 people found the following review helpful. Great book!By Kathryn MerrifieldI haven't been to D.C. yet, but I feel much more prepared with this great little book. It has great pictures and the information was easy to read and well written. This book is really well made, and could stand up to the ups and downs of traveling. Not easy to tear (thick glossy pages) and the cover is very sturdy. My only complaint is that the binding is very tight, so it takes a little effort to hold it open.This book covers everything at the Smithsonian in an easy to find layout. I am very pleased with this purchase and would highly recommend to others.
