This is great map By Sunny Lane Girl It was worth the money, made it so easy to chart our course (especially in those areas where there is no cell phone reception). 3 of 6 people found the following review helpful. Not good enough By filmdurango Decent overview map, but short on "recreation" details -- no real trails shown, only a lot of campgrounds, attractions, etc. Main map is too small to cover such a big area. Biggest complaint is it tears almost instantly along the folds. For a better OP map, get one of the National Forest maps of the area.
