Keith Odom : Only in Louisiana: A Guide for the Adventurous Traveler before purchasing it in order to gage whether or not it would be worth my time, and all praised Only in Louisiana: A Guide for the Adventurous Traveler:

0 of 0 people found the following review helpful. Thanks, Keith OdomBy C. RobinsonI bought this book as a teacher trying to find field trips for my students. However, if you live in Louisiana and wish to make unusual weekend get-a-ways, this is also the book for you. Keith Odom describes the places you can visit very well. Please realize Keith has a master's in English I think; so it is well written. Keith includes directions as well. The places to visit are quirky and

unusual. I love the unusual and love to go on little adventures. Keith's book gave me many unusual places to go and for that I am grateful. It's all just much fun. 6 of 6 people found the following review helpful. Excellent for a traveler to experience Louisiana. By A Customer I thought the book was very well written. There needs to be an way to update the book online whenever changes are made. I would recommend the book to anyone interested in unusual tours and good food. 0 of 1 people found the following review helpful. Only useful if you've seen absolutely everything else in Louisiana. By Katharina G. There are some truly oddball items in this book that may be of interest to some people, but for tourists that have never or seldom been to Louisiana they should look to other books.
