Sunbelt Publications, Maryann Hemphill : Orange County: A Photographic Collection before purchasing it in order to gage whether or not it would be worth my time, and all praised Orange County: A Photographic Collection:

0 of 0 people found the following review helpful. ORANGE COUNTY DESERVES BETTERBy Gary RobertsTHIS is a coffee table book without the heft. It's o.k. if you're looking for an overview. I had expected more. But for the price of about 3 bucks, it was o.k.

A stunning new portfolio of the land of Knott's Berry Farm, Disneyland and the Newport Beach lifestyle; quintessential Southern California with rural retreats, sweeping vistas, and pockets of wilderness charm, yet headquarters to many of America's largest corporations. Like the other books in this series, the five language format of English, French, Spanish, German and Japanese captures the international flavor of a unique and captivating area.

From the PublisherMulti-lingual photographic journeys through the California.
