All atlases have Benchmarks exclusive Landscape Maps with large easy-to-read and page overlap, and a useful GPS grid. The categorized Recreation Guide makes planning your next adventure a breeze. The Recreation Maps have public land ownership shown as color tints, and most titles have hunting unit names and boundariesRecreational Maps: Benchmarks Recreation Maps were created for outdoor lovers who want the high quality recreation information in our atlases but with the convenience of a traditional folding map. Complete public lands detail and hunting unit boundaries are shown as well as categorized recreation listings. | File size: 23.Mb

whether or not it would be worth my time, and all praised Oregon Benchmark Road Recreation Atlas:

10 of 10 people found the following review helpful. Benchmark Atlas, Oregon By David Wahl I bought this to fill out my set of Benchmark atlases. I like them very well. I also have DeLorme for the same states. The atlas families complement each other. Benchmark has much more geophysical data and also shows more of areas which adjoin the title map. DeLorme shows the roads better. Sincerely, dwahl
0 of 0 people found the following review helpful. Great atlas! By C. Shantz I love this atlas! It lives in my car near the passenger seat so my friends can peruse it as we drive around. Things are clearly marked and easy to read. Markings are well done and detail is excellent. It's taken a beating and it's still holding up quite well. I debated between a couple of these and am really happy with this one. It's helped me to discover several new places. I'll definitely be getting another one when this one finally gets too beat up to be helpful. Highly recommended!
1 of 1 people found the following review helpful. A tiny bit more map detail concerning roads would be nice in future editions By S. Sealander Oh yeah! These Benchmark maps rock. A tiny bit more map detail concerning roads would be nice in future editions, but I will still be collecting all of these for the western states.

Oregon is the home of Benchmark Maps. Our love and high-regard for this beautiful state is on proud display on every page of this very popular atlas. The new 4th edition has improvements that will insure its continued success. The field-checked Landscape Maps are now 10% larger and show ground-cover detail at a very high-resolution. Benchmark has extensively revised the Portland Metro area map and completely updated the Recreation Guide. Map Scale = 1:225,000
1:750,000 Sheet Size = 11" x 16"

This new atlas...is scaled better, contains more information and seems more accurate. A cursory spot check points to Benchmark's exhaustive attention to detail. --Bill Monroe, The Oregonian (Portland)
About the Author
Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
