**William Faubion : Oregon Community Treasures (Treasure Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oregon Community Treasures (Treasure Series):

0 of 0 people found the following review helpful. Informative basicsBy Michelle C. KingI enjoyed the content, and learned a lot about Oregon! The photography is stunning, and so it also makes a great coffee table book after you have read it.0 of 2 people found the following review helpful. Poor book about an amazing stateBy Helen JohnsonI own this book - actually "owned" this book, as I threw it away after visiting 3 of the properties/communities described in the book. This book is so full of inaccuracies and misinformation as to be completely useless. Correct information is made suspect by its inclusion with so much that is faulty.

Within these pages you will find an insider's guide to the best that Oregon has to offer. From fine dining to whale watching, from bed and breakfasts to elegant hotels, from museums to Native American petroglyphs, we have scoured the state of Oregon to bring you a guide that will make your travels to the Pacific Northwest both rewarding and memorable. Sit back and take a journey with us from the depths of Crater Lake, across the Cascade Mountains, down the back streets and thoroughfares of Portland, to the Pacific Coast and Columbia Gorge. We'll take you to the hottest spots. We'll take you off the beaten trail. At the end you will have met people and discovered treasures that even life-long Oregonians didn't know existed.
