Joan Campf : Oregon's National Forests before purchasing it in order to gage whether or not it would be worth my time, and all praised Oregon's National Forests:

1 of 1 people found the following review helpful. Great PhotosBy Bill WardThe photos of the Oregon I knew growing up are superb. This book brings back fond memories of the Oregon forests. My family and I now live in Florida so need this book as a wonderful memory refresher.

Celebrate the vast variety, the unsurpassed beauty, and the broad recreational opportunities of Oregon's national forests.
