**From Brand: W.W. West Inc. : Oregon Wild and Wonderful** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oregon Wild and Wonderful:

A perfect gift and personal remembrance of Oregon. Photographer Fred Pflughoft has captured the natural wonders of Oregon from the Pacific Coast through the Columbia Gorge, up high in the Cascade Mountains and into "Oregon's Outback." Turbulent rivers, bountiful trout streams, rushing waterfalls, and placid lakes are presented here with an artist's eye for nature's beauty. Included are quotes and quips about Oregon by the famous, such as John Muir, Mark Twain, John F. Kennedy, and Oregon's own "Merry Prankster" Ken Kesey. Oregon will set your spirit soaring.
