Prices of attractions has gone up quite a bit than what is quoted in the book. 0 of 0 people found the following review helpful. ABSOLUTELY A MUST HAVE FOR ORLANDO VISITORS! By A Customer I've traveled to Orlando at least once a year for the last 7 years and while I've been anxious to explore outside of Walt Disney World I've never had the courage to "risk" my vacation by spending the time and money to explore some of the lesser known attractions. Time and again I tried to find out more about some of the other available theme parks, but aside from quick write-ups in Disney centered books, there was nothing to be found. This book has been the answer to my prayers! It's well written, extremely detailed and provides the in depth coverage seasoned Disney veterans are used to seeing about the Disney attractions. I am now ready to make informed decisions about the other attractions in the Orlando area, and have in fact booked my next trip with many of these "alternate" parks on my itinerary. I read this book from cover to cover and it has made me as excited about visiting Orlando as I was before my very first trip!

The definitive guide to Orlando's myriad non-Disney attractions, from Universal Studios to dinner attractions, wilderness jaunts, sports, and the arts--and everything in-between. Insider tips are given to maximize vacation pleasure.

"This entertaining, illuminating resource goes well beyond the obvious. [It] treats us to an in-depth look at nearly everything there is to do in Orlando, and sometimes beyond. . .For the parks you've never been to, the book is an invaluable education. . . .And if you have been to some of these parks (a safe bet), you may learn that an attraction you've written off as lame might be worth a second glance. . . . loaded with unexpected hints for a stress-free visit. . . .Even for those few out there who are intimately familiar with Orlando's unparalleled entertainment cornucopia, I'd still insist this is a book worth owning. Written with a relaxed conversational style, it's a pleasure to read: informed, humorous and opinionated." -- [www.thrillride.com/SpeedReading.html](http://www.thrillride.com/SpeedReading.html), Jan 12, 1998

From the Publisher

There are attractions to please virtually everyone in the Orlando area. But you won't necessarily find them written up in the Orlando and Central Florida guidebooks you consult, for the simple reason that covering Disney World takes so much space that there's little left over for the multitude of other area attractions. Most, in fact, aren't mentioned at all. Thus whether you live in Central Florida or are planning a visit for business or pleasure, you'll find this guidebook invaluable for locating the sights and activities you most enjoy.

From the Back Cover

Orlando isn't just a one mouse town. Within the greater Orlando area, or just a short ride away, you'll find all the ingredients for a non-stop, thrill-a-minute vacation, with an occasional oasis of quiet beauty thrown in for good measure. Giant Roller Coasters! Space Shots! Spectacular Entertainment! Water Parks! Gator Hunts! Lush Gardens! Roaring Nightlife! The Real Florida! Real Live TV! Plus many more moving experiences! Orlando's OTHER Theme Parks is your in-depth guide to every attraction, large and small - except one.
