I could have asked GoogleBy Erin OllilaThere wasn't really anything in here that I haven't learned from Google already.I you haven't already Googled this might be good for you1 of 1 people found the following review helpful. lots of great informationBy paulatI am going to go on a cruise in the fall and will be staying in Orlando for a few days. I've never been to Florida so I was looking for a book that would give me ideas about where to go and what to do. The author did a great job lining out the attractions in Orlando as well as gave great advice about avoiding delays. The sections about each topic are laid out very well so it is easy to find information about the attraction or area of interest I need information on. I will be taking my kindle with this book loaded and ready to go when I get to Orlando. I feel a lot more prepared after reading the information in this book and am looking forward to a great time.
