This book will show how to enjoy The Great Lake State.0 of 0 people found the following review helpful. Great book.By LanceIt's Michigan, what more can I say. Great book.4 of 4 people found the following review helpful. Great bookBy DonLots of great shots of Michigan and the outdoors. The lakes look good and are show cased quite well. Anyone looking to go to Michigan will have better about the state when they look at this title.

The name "Michigan" is based on a Chippewa Indian word, meicigama, which means "great water." With 40,000

square miles of water within its borders and four of the five Great Lakes (Erie, Huron, Michigan, and Superior) surrounding the state, there's no doubt that Michigan has been defined by nature. "Our Michigan" is a pictorial celebration that showcases this state's stunning vistas (including all that lakeshore!), offering a glimpse into what makes the region so unique. From the vastness of the Great Lakes, the Upper Peninsula's famed Pictured Rocks National Lakeshore, and the area's fascinating lighthouses to the pristine beauty of Isle Royale; from the magnificence of the Hiawatha National Forest and the distinctive Porcupine Mountains Wilderness to historic Mackinac Island; from the National Cherry Festival in Traverse City to the sophisticated cities of Detroit, Ann Arbor, and Lansing, Our Michigan celebrates the natural, historical, and cultural aspects of the Wolverine State.
