**Carl Heilman II : Our New York** before purchasing it in order to gage whether or not it would be worth my time, and all praised Our New York:

0 of 0 people found the following review helpful. Five StarsBy TheBigGThis book certainly does have a lot of intriguing photos, many of which are breathtaking.0 of 0 people found the following review helpful. Wonderful picturesBy sharonI visited Niagara Falls and New York City .i was much younger when I went to the city but never forgot the experience. I wish everyone could do it at least once.0 of 0 people found the following review helpful. only has a few nice shotsBy Snogglethis book only has a few nice photos of buildings and nature scenes, most pictures are of random people, just like what i could take in a street. wouldn't pay for such photos. :( wish it has more nice shots of

the buildings and flowers/niagara falls.

From the rocky tip of Montauk Point to the rushing waters of Niagara Falls, New York is a state full of history, culture, and stunning natural beauty. With charming towns three centuries old and millions of acres of lush wilderness, the Empire State offers something for everyone. Photographer Carl Heilman traveled from the beaches of Long Island to the shores of Lake Erie, and from the bright lights of New York City to the dramatic wilds of Adirondack Park, to highlight the states many attractions. Our New York presents both popular destinations and out-of-the-way treasures to provide a complete and spectacular portrait of the states history, its beauty, and its life.

Buffalo News, July 2006 A sumptuous tour of the Empire state.
