CustomerSuch a great book if you like exploring the back roads on the oregon coast! Some info may be slightly outdated bit it's a great start for many fun adventures! This is the second copy I have bought. (This time as a Christmas gift)0 of 0 people found the following review helpful. For driving....not hiking. Perfect for the car bound.By PamelaWe've found lots of books on hiking trails, camping, sporting areas but few on scenic drives. When you have car bound infants, handicapped individuals or seniors, sometimes you just want to take a lovely drive. This is perfect! Very descriptive, detailed and thorough. This is a new favorite tour guide!0 of 0 people found the following review helpful. Five StarsBy June Turnera gift for a friend and he loved it.
