Ron Strickland, Ted Hitzroth : Pacific Northwest Trail Guide: The Official Guidebook for Long Distance and Day Hikers before purchasing it in order to gage whether or not it would be worth my time, and all praised Pacific Northwest Trail Guide: The Official Guidebook for Long Distance and Day Hikers:

0 of 0 people found the following review helpful. It has very helpful information. By Customer It has very helpful information. Planning to hike there next summer and this book is helping me to prepare 1 of 1 people found the following review helpful. The PNT go to guide.. By kara What can I say... its the book of all books on the topic... This is the book your momma never told you about on purpose! 3 of 3 people found the following review helpful. Great Guide Book! By Yeti I have been a hiker all my life when I hiked the Pacific Northwest Trail (PNT), I used Ron's guide book. I found it very accurate easy to use. I would highly recommend it to anyone hiking this trail which is even harder than the Continental Divide Trail (CDT). I am looking forward to his next guide book about the Sea to Sea Trail but that won't be for awhile yet.

From the Rocky Mountains to the Pacific Ocean, the Pacific Northwest Trail is a unique hiking experience, offering a variety of backcountry scenery and outdoor adventure. Here is the official guide to the spectacular long-distance trail that stretches 1,200 miles from Glacier National Park in Montana to Washington's Olympic National Park. Like other long-distance trails, the PNT is accessible to both ambitious thru-hikers and day- or weekend-hikers who want to tackle smaller segments. This comprehensive guide features detailed route descriptions, topographic maps, and more.

About the Author Ron Strickland is an environmentalist who founded the Pacific Northwest Trail 30 years ago. His numerous books include Whistlepunks and Geoducks: Oral Histories from the Pacific Northwest. Strickland lives in Seattle.
