I wanted info on the dam renovations and dam removal on the Pawcatuck river but the bk info is outdated and doesn't have it. Kind of weak in western ct as well. Only portions of 3 rivers for all of western ct. Thought it was funny he'd send paddlers down the upper 5 mile river in summer as well. Obviously the numerous beaver dams, low water, and downed trees weren't there 8 years ago. 1 of 1 people found the following review helpful. Terrific book By Dorothy A.
