If you are thinking of going on the Disney Cruise you MUST BUY THIS BOOK. It has everything! Stickers, airline ticket holders, a leather journal with photo ID slots, website URL's to all of the vendors, fan sites, excursion companies, and everything you will ever need to know about the hotels, flight arrangements, ship crew, stats, ports, events, food, and every inch of the ships themselves. They have a ton of photos and it is written in the friendliest way. You must check it out for yourself! I wish I could give it 10 stars! 1 of 1 people

found the following review helpful. All the info you'll needBy L. RenningerI picked up the Disney World Passport at a book fair and was so excited to see they have one for the cruise line too. This guide is packed with more information than you could possibly need with honest reviews and detailed information for the on-board activities and shore excursions. This spiral-bound version is nice because you can remove the pages you don't need and tuck things into the pockets. Highly recommended!
