A good planner for your Disney vacation.By NarnianQueenThis is the best guide you'll find if the only thing you plan to do in Orlando is visiting Disney World. This guide offer great and honest reviews of restaurants, hotels and attractions, money and time saving tips and everything else you might need to know to plan your Disney trip, in beautiful colorful pages, easy to organize and personalize according to your plans. It also offers pockets to keep souvenirs and a table to keep track of your dining reservations, all very useful.However, keep in mind that Walt Disney World is the only subject treated here. It does not mention other parks

such as Universal and Sea World, and makes very little reference to other points of interest in town. But as far as WDW goes, this is your best bet. 0 of 0 people found the following review helpful. Five Stars By deedeeWish I could buy one of these every year! :-)
