Papaw takes on Disney World By Anrita ;and ;Alex Ruth We are making our first trip back to Disney World in 20 years with our grown daughter and her family. I needed help in planning for the 4 year old grand daughter. This book really helps to have all information in one place. 2 of 3 people found the following review helpful. Great Disney Organizer By Anitra D. Ware I purchased this book along with the "Unofficial Guide to Walt Disney World 2010." The PassPorter's pockets at the end of the book came in very handy while on our vacation. I love to scrapbook and I was able to keep all of the brochures, keys to the world, fast passes, menus, etc. tucked into the daily pockets. It also gives you places to write the best/worst things of the day,

unforgettable moments, etc. It's quick and easy to fill out before bed each night and when you go home to scrapbook everything is at your fingertips. If you're like me, it's now a year later and I'm just getting ready to put my album together....luckily I was able to take all of those notes! The "Unofficial Guide is, however, a better book for WDW information. I will always purchase them together for future trips.0 of 0 people found the following review helpful.
