**James Kavanagh, Waterford Press : Pennsylvania Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pennsylvania Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide):

0 of 0 people found the following review helpful. These quick reference cards are amazingly easy to use and very helpful identifying birds quickly. By History loving Granny These quick reference cards are amazingly easy to use and very helpful identifying birds quickly. I also purchased my 3rd Eastern Backyard Birds along with this one. I used it frequently, gave the first one to a friend and lost the second. I had to have another. Highly recommend for quick reference for people who want to know what birds they see, but not necessarily comprehensive profiles. 0 of 0 people found the following review helpful. Five Stars By Rona quick easy chart that I can carry with me when fishing to Identify birds 0 of 0 people found the following review helpful. Three Stars By mary anne lower used it last fall it was handy

Pennsylvania is the permanent or migratory home of 426 species of birds, including the state bird the ruffed grouse. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

From the Back Cover Pennsylvania Birds, An Introduction to Familiar Species, is a must-have, reference guide for beginners and experts alike. Whether you're on a nature hike or in your own backyard, you'll want to take along a copy of this indispensable guide. The Pocket Naturalist(tm) series is an introduction to common plants and animals and natural phenomena. Each pocket-sized, folding guide highlights up to 150 species and most feature a map highlighting prominent sanctuaries and outstanding natural attractions. Each is laminated for durability. (3 1/2 X 8 1/4 folded, opens to 22 X 8 1/4, color illustrations, map) About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
