**Kevin Patrick : Pennsylvania Caves Other Rocky Roadside Wonders** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pennsylvania Caves Other Rocky Roadside Wonders:

3 of 3 people found the following review helpful. Pennsylvania CavesBy Kindle CustomerHaving the knowledge and background of many caves listed, I found this book to be very good. It does show some bias as the author may have favorites. Most of the information is accurate and correct, but there are some information printed that is not correct and

in most cases minor. Perhaps a better background research on some of the caves and contacting others with that knowledge could have made the book even better. For the most part, this book is well worth buying and reading. Much of the historic information will soon be lost if it were not for this book. Those who enjoy caves and other wonders will find this book enjoyable. 2 of 2 people found the following review helpful. Great book for PA Buffs!!!! By Sokol2044 This book is great for anyone who is interested in the Geological and Geographical history and present of Pennsylvania. It goes through every current and former commercial cave, some that aren't quite known by a lot of people. I was glad that this book was a required reading to my geography class... A+ 0 of 0 people found the following review helpful. Very informative By Richard Anderson Enjoyed this book very much. Helps me make sense of PA geology. I enjoy show caves and other caves and this book helps me understand them even more. A good road companion.

Features Last River Caverns, Crystal Cave, Indian Echo Caverns, Woodward Cave, Penn's Cave, Indian Caverns, Lincoln Caverns, Coral Caverns, and Laurel Caverns and includes ice mines, coal mines, boulder fields, and rock cities Detailed history of each cave Legends and local lore of many features and sites A roadside travel guide to and history of Pennsylvania's nine commercial caves and a wealth of other geographical sites within the state.

About the Author Kevin Patrick is Professor of Geography at Indiana University of Pennsylvania, has worked as a consultant for the National Park Service, and has led dozens of commercial landscape trips through New Jersey and other parts of the country. He is the author of Pennsylvania Caves and coauthor with Brian Butko and Kyle Weaver of Diners of Pennsylvania.
