2 of 3 people found the following review helpful. Studying AbroadBy A CustomerThis book is great for families to look over to decide and find a great school for their children. It will give many options and any person can find a school to adapt to his/her needs. It is a easy way to find a good school without driving yourself crazy trying to find information on the net.

The only guide that covers everything from selecting a program to financing it. Includes offerings in the U.S., Canada, and worldwide.
