**Peterson's Guides : Peterson's Study Abroad 2001** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Peterson's Study Abroad 2001:

2 of 2 people found the following review helpful. A must-have for study abroad! By Study abroad advisor from the U.S. Another essential guide by Peterson's. They have compiled information about more than 1,700 study abroad programs. You just can't find a more comprehensive listing. A unique source since the Tannen/Winkler guide ("The Student's Guide to the Best Study Abroad Programs") mentioned in the other review is out of print.
