kmmemom I'm always looking for new places to try, while at the same time don't want to get burned on a meal/restaurant that isn't great. That's why the PG 2008 guide is fantastic. This guide has recommendations on restaurants and their specialties. So you always know what to order when you get there. In ME, decent pizza is hard to find. I checked the Pizza Great Ate, and Regina's is at the top. Regina's is worth the trip. So I know if this book recommends Regina's, then I'm gonna really enjoy all the other recommendations, too. I'm looking forward to trying more Great Ates. This is a book to keep with you so you can always find a great meal.
